SAY GOODBYE TO 3RD PARTY APPS. SAY HELLO TO LAGREE BOOKING.

Lagree booking management system will make reserving and booking a class much easier, it can easily be embedded on the website (each studio), or a main LF studio within the locator, as well as on spot on a brand-new Kiosk.

This is a centralized system that syncs with other systems such as websites, kiosks, social networks, etc. The system automatically connects with other Lagree solutions.
